## The Reconnection

**Experience healing beyond anything you've read about, heard about, dreamed about!** Scientists have shown great interest in this evolutionary work because of documented healings from various conditions. It's NEW! It's DIFFERENT! It's REAL!

*"If you're lucky the healing will come in the form you anticipate. If you're really lucky it will come in a form you've not even dreamed of – one which the Universe has in mind for you."* by Dr Eric Pearl.

### What is it all about?

**RECONNECTIVE HEALING®**: is a powerful, new form of healing that allows us to heal on many levels; including physical, mental, emotional and spiritual - allowing us to come into balance with whatever is most appropriate for us in this moment.

Reconnective Healing® is here on the planet for the very first time. It reconnects us to the fullness of the universe as it reconnects us to the fullness of our beings and of who we are. It is considered to be able to reconnect us to the universe and to our very essence not just through a new set of healing frequencies, but through possibly an entirely new bandwidth. The healing attunes you to carry and accommodate this all-inclusive spectrum of **energy, light and information**.

We can never predict in what form, or what order your healing will manifest, but these empowering, transformative, new healing frequencies will definitely be effecting the vibration of your frequencies.

*One, two or three sessions are all that is recommended, and then allow time to unfold the healing that is most appropriate for YOU!*

*Energy exchange is Rs 3300/- per session.*

**THE RECONNECTION®:** is the umbrella process of reconnecting to the universe, which allows Reconnective Healing to take place. These healings and evolutionary frequencies are of a new bandwidth brought in via a spectrum of light and information. It is through 'The Reconnection' that we are able to interact with these new levels of light and information, and it is through these new levels of light and information that we are able to reconnect. This is something new. This is different. This is real—and it can be entrained in each of us.

The Reconnection®, involves reconnecting us on a more powerful and evolved level than ever before; drawing on the basic energy for the renewal functions of the human body. It involves reconnecting your body meridian lines to the earth's axia-tonal grid lines.

Originally the meridian lines (sometimes called acupuncture lines) on our bodies were connected to the grid lines that encircle the planet and intersect at acknowledged power places such as Machu Picchu and Sedona. These lines continued out and connected us to a vastly larger grid, tying us to the entire universe. Each of our bodies contains its own set of energetic lines and points. Although only remnants of what they once were, these lines and points continue to serve as our interface with the universe: a channel that facilitates our communication of energy, light and information between large and small, macrocosm and microcosm, the universe and humankind. At one point in time, we became disconnected from these lines and we lost the fullness of our inherent connection to the universe, distancing us from our previously rapid and expansive rate of evolution.

*The Reconnection* brings in "new" axiatonal lines that reconnect us on a more powerful and evolved level than ever before. These lines are part of a timeless network of intelligence, a parallel-dimensional system that draws the basic energy for the renewal functions of the human body.

'The Reconnection' bring in and activate these new lines, allowing for the exchange – beyond energy – of *light and information*, the reconnection of DNA strands and the reintegration of "strings" (simultaneous – or parallel – planes of existence).

# ISHAYAS

Every person has a unique experience, which accelerates their life path and evolution.

*This process is only required once in your lifetime, with the effects continuing for the rest of Your lifetime! It is a two session process (2 consecutive days with one sleep cycle in-between), designed to reconnect you to your original fullness with the universe (as described above). .*

*The energy exchange is Rs 12,333/-. Atleast one 'Reconnective Healing' is recommended prior to 'The Reconnection'.*

## THE SCIENCE:

Konstantin Korotkov, Professor of Physics at St. Petersburg State Technical University, Russia, has studied Human Energy Fields for over 40 years and his research team has developed a camera that is able to photograph these energy fields, the Gas Discharge Visualization (GDV) device. His work has vast implications and applications in the fields of medicine, psychology, biophysics, genetics, forensic science, agriculture and ecology, to name just a few.

Konstantin was one of the keynote speakers at our 2008 and 2009 Mastery Conference in Los Angeles where I heard him speak. He said:

*"I was sceptical at first but after seeing the results of the testing we did at the 2008 conference I have no doubt that this is a new step in human development."*

*"Reconnective Healing is absolutely different to other healing modalities. From the experiments we have reached a very important conclusion (and all 3 teams of scientists agree): When we do Reconnective Healing we tremendously change the environment."*

*"And when people are involved in doing this healing, they are also receiving self healing"*
